Annexure

It is certified that, the grant has been utilized for research purposes as proposed. However, the analytical services available at CFC, Shivaji University, Kolhapur were not sufficient (non-availability of laser source of 1064 nm for Raman Spectrometer) to complete the analysis. The same services were also not available to us in-time, either at IIT Mumbai or NCL Pune. So we approached some instrument manufacturers like Malvern-Panalytical and Thermo Fisher etc. who sell Hand-held Raman Spectrometers. The Anton-Paar company at last (in March-22)
