Academic Year: 2022-2023	
Activity Title	Mental Health Wellness and Stress Management
Day & Date	06-02-2023 to 11-02-2023
Organized by	Shree Santkrupa College of Pharmacy, Ghogaon.
Collaboration	Shushrusha Salla and Margdarshan, Islampur.
Objective	Identify the causes of stress and how to reduce mental stress
Brief Description of Activity	This activity was carried out in college. The Faculty had arranged a lecture on Stress management starts with identifying the sources of stress in your life. Relaxation exercise is a fantastic mental stress reliever that can work in minutes. Take a mindfulness break. Stress leads to break many good relationships. This activity would help in relieving the stress from life and lead a good life.
Co-ordinator	Ms P A Thorat
No. of Participants	25
Outcome	To get basic knowledge about how to reduce mental stress

STTP CONTENT

- From nature to Nanotechnology
- Nano drug delivery of Flavonoids
- Nanotechnology based drug delivery system for phyto-medicine
- Phyto-pharmaceuticals formulation development
- Delivering of Biological actives to the brain
- Regulatory considerations
- Topical Herbal Gel Formulation from Idea to Patent
- Herbal drugs Nanosization
- Application of QBD in Herbal Drugs Manufacturing
- Delivery of Herbal Formulations
- National Education Policy 2020

Course Outcomes

- Faculty will understand current updates in herbal drugs, extraction, isolation and standardization, design and development of novel formulation.
- Speakers from industry will surface the industrial needs and the action plan can be generated to be implemented in academia to meet future needs.
- Most prospective technologies of novel formulation design and development of natural herbal drug can be identified.
- Current needs in design and development of herbal novel formulations will be surfaced to empower newer technologies in Indian scenario.
- Programme will debate on identification, extraction, isolation of herbal drugs, selection of drug, polymers and methods, dosage form, dosing, dosing frequency, safety, efficacy, toxicity, pharmacoeconomics and regulatory issues, thus updating faculty on design, development, evaluation of novel formulation and marketing fronts.

Key Resource Persons

- Dr. K.S. Ladda (Professor & Head, ICT, Mumbai)
- Dr. Abbas Ahmed (Director, Aligarh Muslim University, UP)
- Dr. Vinod Kumar (Dean, School Pharmacy, IITM, Baroda)
- Dr. Dinanath Gaikwad (Professor, BVPC, Kolhapur)
- Dr. L. D. Patel (Professor, Parul IOP, Baroda)
- Dr. S. S. Bhuze (Director, Anjanyalabh Foundation, Pune)
- Mr. Sachin Hbar (Sr. Prog. Advisor - Strategic Foresight Group, Pune)
- Dr. Vinod Rangari (Prof. Govind Ghoshdas University, Bilsapuri)
- Dr. Shrinivas Savale (CEO, AIC-LMCP Foundation, Ahmedabad)
- Dr. Shrinivas Bhoge (Asst. CM, Sava Healthcare, Pune)

Eligibility & Selection Criteria

- The faculty members of the AICTE approved Institutions, Research Scholars, PG Scholars, participants from Industry and Faculty of host institution as per AICTE norms are eligible to participate in the program. Selection will be done based on first come first serve basis. Decision of the Programme Monitoring Committee (PMC) will be final in all regards.
- Registration fee:** There is no registration fee for the program
- STTP** will be conducted on e-Platform (Online).
- Seats:** Limited to 50-55 persons in one slot.

REGISTRATION LINK:

Participants should register and join WhatsApp group themselves to any one phase following link:

- Phase I: <https://forms.gle/8WwL6Ud8WdA9N876>
- Phase II: <https://forms.gle/8WwL6Ud8WdA9N876>
- Phase III: <https://forms.gle/8WwL6Ud8WdA9N876>
- Phase IV: <https://forms.gle/8WwL6Ud8WdA9N876>

Evaluation & Issuing of Certificate

- A test will be conducted at the end of the program based on the programme activities.
- E-certificate will be issued by the All-India Council for Technical Education, New Delhi to those participants who have attended the program and have scored a minimum of 60% marks in the evaluation.
- Selection of participants will be as per the rules and regulations of AICTE.

Important Dates

ABOUT SHORT-TERM TRAINING PROGRAM

Cell culture technology has become an indispensable part of molecular biology and biomedical research. Its applications range from cancer research, toxicology, drug discovery and screening, virology, genetic engineering to name a few. With the advent of growing career options in biomedical and pharmaceutical sector in collaboration with academia, a formal training in this area is necessary for the faculties.

The training programme aims at imparting hands-on training in animal cell culture-based assays to help the young faculties in practicals and research work. The programme is emphasized on virtual practical training along with theoretical lectures on cell culture and cancer biology by eminent scientists in the country.

This program is designed to equip the faculties with the requisite scientific competency to understand and address the aspects related to cell culture in the process of pharmacokinetic profiling alternative to animal experimentation.

Proposed short term training program will cater to the interdisciplinary needs of both the pharma and technical professionals who wish to indulge in acquiring knowledge and skill sets for utilizing enzyme, cell and tissue culture based assays as a tool to study pharmacokinetics, drug design and development.

TARGET AUDIENCE

Faculty from Pharmaceutics, Pharmaceutical Chemistry, Quality Assurance, Pharmacology, Pharmaceutical Analysis and Pharmacognosy.

OBJECTIVES

To meet the demand of cell culture experimentation at institute level and its usefulness in pharmaceutical industries the set objectives shall enable/enable

- A platform to understand cell handling, cell cryopreservation and revival, contamination of cell lines with utmost care.
- Selection of cell lines during metabolic and therapeutic studies.
- Learn to correlate theoretical aspects of cytotoxicity screening by in-vitro and its correlation to in-vivo levels.
- Understanding and development of 2D and 3D cell culture models to study pharmacokinetic profiling studies alternative to animal studies.
- Virtual demonstration of bioactivity assessment protocols using cell and tissue based models.

COURSE OUTCOMES

- STTP is aimed at providing insights into novel and recent trends in cell and tissues culture based biological activity and toxicity assessment as an alternative to animal experimentation.
- Pharmacokinetics, metabolic and toxicity testing using chromatographic techniques will be highlighted.
- Programme will highlight issues on cell culture handling, maintenance and revival, cytotoxicity screening of drugs, industrial issues in relation to cell culture contamination.
- Faculty will gain technical expertise through virtual demonstrations simulating 'Hands on training on cell and tissue culture based bioactivity assessment'.

BHARATI VIDYAPEETH COLLEGE OF PHARMACY, KOLHAPUR

Bharati Vidyapeeth College of Pharmacy, Kolhapur was established in the year 1996 with a vision to impart quality education and training at par with international standards. It is a premier institution in Western Maharashtra where discipline is principle, performance is habit and success is a journey.

- Offers Diploma, Bachelors, Masters (Pharm. Chemistry, Pharmaceutics and Pharm. Quality Assurance) Doctoral programs of study in Pharmaceutical Sciences.
- B. Pharmacy course is re-accredited by NBA.
- Ranked 62nd in India by NIRF (2020), Ministry of Human Resource Development, Government of India consecutively five times the institute has been in NIRF ranking.
- Lead College of Shivaji University, Kolhapur with permanent affiliation and inclusion in UGC 2(f) & 12(B)
- Common facility center and laboratories equipped with major equipments worth about Rs. 3 crores.
- Rich and updated library with e-library (books worth Rs. 81 Lakhs).
- Registered college alumni contributing to develop pharmacy profession.

Bharati Vidyapeeth College of Pharmacy, Kolhapur was established in the year 1996 with a vision to impart quality education and training at par with international standards. It is an institution where discipline is principle, performance is habit and success is a journey.

- Conducts D. Pharm, B.Pharm., M. Pharm. (Pharm. Chemistry, Pharmaceutics and Pharm. Quality Assurance) and Ph.D. courses.
- B. Pharmacy course is re-accredited by NBA for three years (2019-2022).
- Ranked 49th in India by NIRF (2021), Ministry of Human Resource Development, Government of India.
- Consecutively Sixth times the institute has been in NIRF ranking.
- Lead College of Shivaji University, Kolhapur with permanent affiliation and inclusion in UGC 2(f) & 12(B).
- Approved centre for postgraduate and doctoral research.
- Common facility center and Laboratories equipped with major equipment's worth about Rs. 3 crores.
- Rich and updated library with e-library (books worth Rs. 81 Lakhs).
- Registered college alumni contributing to develop pharmacy profession. Consecutively three times the institute has secured Highest Rank "PLATINUM" AICTE-CII in Industry Linked Technical Institute.

Program details:

The forthcoming faculty development programme has been designed to

- Deliberations, discussion and demonstration of basics, advances, applications, and limitations of preservation and stabilization techniques and products in the view of Indian and global scenario.
- To review guidelines for the stability of new active pharmaceutical ingredients (API's) and medicinal products (Part A) and existing active pharmaceutical ingredients and products (Part B) that is sufficient for a registration application within SADC.
- Simplification of preservation and stabilization technologies to understand them by in virtual online demonstrations.
- Discussion on techniques of preservation and stabilization as well as formulation development of labile pharmaceuticals.
- Brain storming sessions on regulatory guidelines of WHO, ICH, USFDA and its applicability in pharmaceutical industries.
- Creating awareness and orienting faculty in the area of labile product stabilization in teaching and research to produce trained, skilled and competent human resource meeting industrial needs.

OBJECTIVES :
This one week faculty development program provides a platform for teachers/ faculty to reequip themselves with necessary knowledge and skill in the domain of Drug delivery design. The program also focuses on exploring various opportunities and challenges in designing novel drug delivery systems.

To appraise the participants

1. Drug delivery trends in parenteral therapeutics
2. Drug delivery trends in transdermal drug delivery
3. Emerging trends in biotechnological products
4. Emerging trends in software based drug delivery design
5. Opportunities and Challenges of 3D printed pharmaceutical dosage.
6. Digi medicine-FDA approved medicine and trends
7. Regulatory guideline updates
8. Nano pharmaceuticals- A trend ahead
9. Technology aspects in development of solid dosage forms.
10. Integration of QbD in development of nanopharmaceuticals
11. Simulation and Modelling techniques in drug development

FDP Dates : 8th to 12th November 2021
Expert Speakers :

1. **Dr. Vandana Patravale**
Professor of Pharmaceutics at ICT (UDCT), Mumbai, Maharashtra
2. **Dr. S. Narasimha Murthy**
Chief Scientific Officer, Topical Products Testing LLC, Oxford, MISSISSIPPI, USA
3. **Dr. Sarasija Suresh**
Project Director, Institute for Drug Delivery and Biomedical Research, Bangalore, Karnataka
4. **Shri Badrinath D. R.**
Elanco, Pharmaceutical Development Leader in Global Pet Health, Elanco, Bangalore, Karnataka
5. **Dr. Srinivas Mutalik**
Professor and Head, Department of Pharmaceutics, MCOPS, Manipal, Karnataka
6. **Dr. Giriraj Kulkarni**
Professor and Principal at Gokaraju Rangaraju College of Pharmacy, Hyderabad, Andrapradesh
7. **Dr. Pramod Kumar**
Principal and Professor, at JSS College of Pharmacy, JSS University, Mysore, Karnataka
8. **Dr. H. N. Shivakumar**
Professor and Head Dept of Pharmaceutics, KLE College of Pharmacy Bangalore, Karnataka
9. **Dr. Aditya Murthy**
Lead (Manager) Biopharmaceutics, Dr. Reddy's Laboratories, Hyderabad, Andhra Pradesh
10. **Shri Himank Narvekar**
Research Scientist I - Formulation Development at Unichem Laboratories Limited, Goa
11. **Dr. J. Timmashetty**
Professor and Head, Department of Pharmaceutics, Bapuji College of Pharmacy, Davangere, Karnataka
12. **Shri Zaheer Abbas**
Senior Formulation Researcher at Changzhou Pharmaceutical Factory, Changzhou, Jiangsu, China.
13. **Dr. K. Vijaya Bhaskar,**
Professor, Department of Pharmaceutical Chemistry, Manipal College of Pharmaceutical Sciences, Manipal.
14. **Dr. F. S. Dasankoppa**
Professor, Department of Pharmaceutics, KLE College of Pharmacy, Hubballi, Karnataka

ELIGIBILITY
The Programme is open to the faculty of Pharmacy in Universities/Institutes/colleges and Researchers. Registration Interested candidates should apply through the ATAL portal <https://atalacademy.aicte-india.org/signup> on or before 30th October, 2021

INSTRUCTIONS
The participants to the programme will be faculty and Ph. D. Scholars from AICTE approved technical institutions. There is no registration fee for any participant.
The selected candidates will be informed through e-mail by 2nd November, 2021.

CERTIFICATION
E-Certificate will be issued by AICTE Training and Learning (ATAL) academy to the participants, who have attended the programme, with minimum 80% of attendance and scored minimum 60% of marks.
Number of Seats : 200

About us
Shree Warana Vibhag Shikshan Mandal (SWVSM, est. 1964) is education revolution backed by co-operative industries; incepted by Sahakar-maharshi Late Shri. Tatyasaheb Kore to provide quality education to poor, deprived and deserving students. With the sprawling campus of 200 acres, the SWVSM houses K.G. to Ph.D. courses in basic and technical sciences.

About College
Tatyasaheb Kore College of Pharmacy (TKCP), established in the year 2004 is NIRF 2017, 2018, 2021 ranked leading institutes of Western Maharashtra, catering Diploma, Degree, PG & Ph.D. courses in Pharmacy; with the mission 'To excel in professional pharmacy education though student centered learning, scholarly research and service to the society'. The college has state-of-the-art facilities, dedicated human resource & all necessary amenities to translate students into leaders. We genuinely strive to multi-round development of all stakeholders of professional pharmacy education, including teachers and students. Conducting such program is one noble step towards the goal.

About the Program

As rightly said – “teaching must always aim more than imparting knowledge, and learning must always aim more than just absorbing facts”. The aim of education must not be just producing graduates but the responsible, sensitive-yet-strong, contributing citizens with positive attitude, great values and dispositions. And to see this achieved ‘effective learning’, ‘high quality research addressing societal problems’ and ‘community involvement’ are considered as indicators of good education. Teachers are the most important and critical stakeholders of the education system. Hence this AICTE sponsored Short Term Training Program (STTP) is planned with following objectives;

- Train teachers in 21st century effective teaching techniques (ETTs);
- Imbibe research skills to equip them to undertake quality research projects addressing local and global issues;
- Sensitize teachers about community engagement projects, which can enhance their professional image as teachers and pharmacist;
- Ensure holistic development of their students if learning outcomes of this STTP are implemented successfully, and hence serving the purpose of education.

Technical Experts

Resource Persons consented are eminent personalities in higher education including Vice chancellor(s), Professors from institution of repute, researchers from centre of excellence and industry experts.

Eligibility & Selection

Faculty from AICTE approved Institutions are eligible for the program. As the seats are limited to 50, selection will be done on ‘first come first serve basis’. Selected candidates will be informed by email. Only two candidates can apply from the same institute per phase.

Certification of the program

An online test will be conducted everyday and at the end of the program. The certificates will be issued to only those participants who have attended the program with minimum **80% attendance** and scored minimum **60% marks** in the test.

➤ About Program:

The event will help to bring together a unique national mix of academicians and researchers from leading Universities, Research Institutes and industries working in the field and to exchange thoughts on the applicability of Nutraceuticals on human health.

The aim of the program will be to discuss trends, present recent results, and exchange ideas related to key aspects and modern approaches to explore natural products research using nutrigenomics technology.

➤ Contents of FDP to be covered :

Goal of nutritional genetics is the prevention of the onset and progression of chronic disease. Nutrigenetics information should be relevant for health promotion, prevention of chronic diseases and treatment. Nutritional genetics is not only useful for patients and at risk individuals, but for all healthy individuals. For global health, world is facing a growing epidemic of the same chronic diseases. We need to concentrate more upon nutritional research for curing or prevention of these diseases. This Program will provide a platform for comprehensive discussions on various issues concerning the future research in drug discovery from natural sources.

➤ Speakers:

The sessions of this programme shall be conducted by the team of eminent genetic specialist, industrial and academicians possessing in -depth knowledge in the area of nutrigenomics. It will consist of a series of lectures followed by interactive sessions.

➤ Targeted Participants:

The faculty members of the AICTE approved institutions, research scholars, PG Scholars, participants from Government, Industry (Bureaucrats/ Technicians/ Participants from Industry etc.) and staff of host institutions.

➤ Session wise time schedule:

DAY	10.00 am to 12.00 noon	12.00 noon to 02.00 pm	02.30 pm to 4.30 pm

About the Program

Global health is playing an increasingly crucial role in global and national security. We witnessed it during COVID-19 pandemic. The virus originated in China causing Global health and economic crisis.

Since the 1970's newly emerging diseases have been identified at an unprecedented rate and it is high time that every nation should enhance global capacities for responding to infectious disease threats and should take leadership roles in promoting - comprehensive, real time, global 'infectious disease surveillance system' for rapid identification and rapid control of emerging diseases. Hence this refresher program is planned with the objectives;

- To sensitize pharma faculty with the threats of infectious diseases in future;
- To empower them to take research addressing global health crisis due to emerging of new infectious disease, by improvising their knowledge level;
- To understand the science of new diagnostic kits, vaccines, drug and drug product developments; and
- To leverage academic research as a whole.

Technical Experts

Resource persons are from IITs, NITs, Eminent Institutes, and Experts from Industries Reputed personalities in topic area.

Eligibility & Selection

Priority should be given to ISTE Life Members. Not more than 10% of candidates short-listed from host institute. Since it is online program, participants from pan India should be considered.

Certification of the program

The certificates will be issued to only those participants who have attended the program with minimum 80% attendance and scored minimum 60% marks in the test.

- Ranked 54th in India by NIRF (2019), Ministry of Human Resource Development, Government of India.
- Consecutively four times the institute has been in NIRF ranking.
- Lead College of Shivaji University, Kolhapur with permanent affiliation and inclusion in UGC 2(f) & 12(B).
- Approved centre for postgraduate and doctoral research.
- Common facility center and Laboratories equipped with major equipments worth about Rs. 3 crore.
- Rich and updated library with e-library (books worth Rs. 81 Lakhs).
- Registered college alumni contributing to develop pharmacy profession.

"Social transformation through dynamic education..."

Program details:
Transforming drug development process to make it commercially viable is the need of the hour and modern computing can make this possible. Artificial intelligence (AI) and quantum computing (QC) tools would significantly help this transformation and the onus of spreading awareness about the same lies on the teaching community as well.

Pharmacokinetics has been a critical component of drug development research and often the bottleneck in the process. By reducing human interface in the exploration of pharmacokinetics of drug products, time and expenses incurred on the process can be minimized. AI and QC tools form the core of such processes and pharma professionals have a lot to share in the development of these virtual simulations and interactions for machine based pharmacokinetic investigations.

Proposed faculty development program will cater to the interdisciplinary needs of both the pharma and technical professionals who wish to indulge in acquiring knowledge and skill sets for utilizing modern computing tools to study pharmacokinetics, drug design and development.

FDP Committees:

- Coordination Committee:**
 - Dr. Mrs. N. M. Bhatia
 - Mr. D. V. Mahuli
- Technical Support Team:**
 - Mr. U. S. Patil
 - Dr. P. B. Choudhari
 - Mr. K. N. Harale
- Registration:**
 - Mr. D. P. Mali

DETAILED PROGRAM SCHEDULE

Date	Time	Name of Speaker	Topic
02/11/2020	10.00 am to 10.30 am	Inauguration	
	10.30am to 12.00pm	Dr. Prashant Murumkar	Demystifying the role of Artificial Intelligence in Drug Discovery
	12.00pm to 01.30pm	Dr. Kundan Ingale	Predicting Drug Pharmacokinetics: Application in Modern Day Drug Discovery
	3.00pm to 4.30pm	Dr. Bhausaheb Patil	Applications of Artificial Intelligence and Machine Learning in Clinical Research
03/11/2020	10.00am to 11.30am	Dr. Pooja Jain	Machine Learning introduction and classification
	11.30am to 1.00pm	Dr. Santosh Patil	Structure Property Relationship Analysis
	2.00pm to 3.30pm	Dr. Subarna Roy	Herbal Informatics in Drug Development
04/11/2020	10.00am to 11.30am	Dr. Ajay Pillai	Artificial Intelligence in Drug Research
	11.30am to 1.00pm	Dr. Ganesh V.	Freewares for Drug Development and Analysis
	2.00pm to 3.30pm	Dr. Sami Mukhophdhyaya	Fundamental Aspects of Bioinformatics and Structural Biology and its Applications
05/11/2020	10.00am to 11.30am	Dr. Anil Deshpande	Optimization of Pharmacokinetic Properties in Preclinical Discovery
	11.30am to 1.00pm	Dr. R. S. Pissurenkar	Artificial Intelligence and Pharmacokinetics: Enhancing Perfection
	2.00pm to 3.30pm	Mr. Sachin Jagtap	Music Therapy for Stress Relieving
06/11/2020	10.00am to 11.30am	Dr. Subhash Ajwani	Data Science Enabled Pharmacometrics
	11.30am to 1.00pm	Dr. Vandana Patravale	Computational Pharmaceutics: Role in Drug Targeting
	1.00pm to 1.30pm	Valedictory Program	
	2.30pm to 4.00pm	Feedback and Assessment	

Targeted participants: Faculties of various pharmacy and engineering institutes, industry personnel, research scholars and post graduate students.

ONLINE FACULTY DEVELOPMENT PROGRAM

ON

"Exploring Pharmacokinetics with Artificial Intelligence and Quantum Computing"

2nd - 6th November, 2020

REGISTRATION LINKS:
Participants should register themselves using both of the following links.

- <https://www.aicte-india.org/atal>
- <https://forms.gle/8Hf78Eounz1saJhU6>

Confirm approval of participation on ATAL portal

Guidelines for Participants:

- Registration is open to faculty members of AICTE approved institutions, research scholars, PG scholars and Industry participants.
- FDP will be conducted in Online mode.
- Registered Participants of FDP should have the provision of laptop or desktop or smart phone with good quality internet connection and other audio visual facilities.
- Course registration is free for all participants.
- On completion of the program an objective/quiz/mini-project based assessment of all participants will be conducted.
- Digital certificate** by the ATAL Academy will be issued only to those participants who have-
 - been **approved** on ATAL portal,
 - attendance of **80%** or more,
 - assessment score of **60%** or more,
 - filled the **feedback form**

About us

Shree Warana Vibhag Shikshan Mandal (SWVSM, est. 1964) is education revolution backed by co-operative industries; incepted by Sahakar-maharshi Late Shri. Tatyasaheb Kore to provide quality education to poor, deprived and deserving students. With the sprawling campus of 200 acres, the SWVSM houses K.G. to Ph.D. courses in basic and technical sciences.

About College

Tatyasaheb Kore College of Pharmacy (TKCP), established in the year 2004 is one of the leading institutes of Western Maharashtra catering Diploma, Degree, PG & Ph.D. courses in Pharmacy; with the mission 'To excel in Professional Pharmacy Education through student centered learning, scholarly research and service to the society'. The college has state-of-the art facilities, dedicated human resource & all necessary amenities to translate students into leaders. We genuinely strive to multi-round development of all stakeholders of professional pharmacy education, including teachers and students. Conducting such programme is one noble step towards the goal.

About the Programme

Higher Education (HE) is revamping with the pace ever before. Global challenges including global warming, depletion of the natural resources, prevalence of the infectious diseases, technological advancements are impacting the expectations of the HE. With implementation of National Education Policy (NEP) 2020, India is planning to bring major changes in the education system with - "availability of physical and human resource infrastructure, transparent governance, success to achieve objectives" are being the three indicators of performance of Higher Educational Institutions (HEI's). This refresher course compliments India's moment in education and aims to empower professional pharmacy educators to excel in three important domains i.e. pedagogies, research, and administration leveraging overall contribution of HE's in nation building.

Objectives of the Programme

- To train teachers to use modern days teaching tools and methodologies in teaching-learning process
- To inculcate research skills, research aptitude, research culture in professional teachers
- To train teachers to make administration effective and transparent
- To facilitate accreditations, NIRF and other rankings of HEI's

Technical Experts

Resource persons consented are eminent personalities in HE including Vice Chancellor(s), Professors from institution of repute, researchers from centre of excellence and industry experts.

Eligibility & Selection

Faculty from AICTE approved Institutions are eligible for the programme. As the seats are limited to 50, selection will be done on 'first come first serve basis'. Priority should be given to ISTE Life Members. Selected candidates will be informed by email. Only two candidates can apply from the same institute per program.

Certification of the programme

An online test will be conducted at the end of the program. The certificates will be issued to only those participants who have attended the program with minimum 80% attendance and scored minimum 60% marks in the test.

AY: 2019-2020

Lodging, Boarding and Travelling :

Lodging and boarding shall be provided. Outstation delegates will be reimbursed to and fro train (second class-sleeper)/ Bus fare by the shortest route.

Eligibility :

The Programme is open to teachers working in Universities / Colleges Approved by AICTE. Young teachers will be given priority.

Registration :

The filled and complete registration forms(scanned copies) should be sent to E-mail ID Provided herewith. Enrolment is restricted and therefore applications will be accepted on a first come first serve basis. Registrations will not be accepted on the telephone, without receipt of registration form.

Important Dates :

- Last date for receipt of registration form: 9th November 2019
- Confirmation and selection (By E-mail only): 12th November 2019
- Programme duration: 25th November to 07th December 2019.

Objectives :

- The faculty development programme has been designed to,
- Discuss and demonstrate basics, advances, applications, and limitations of phytopharmacology in view of Indian and global scenario.
 - Encourage faculty members to develop and incorporate research based insights into their teaching.
 - Develop and implement in-house research projects which are relevant to industry and society.
 - Review and identify potential thrust areas which needs application of phytopharmacology.
 - Encourage faculty members to evolve Management.
 - Development Programs based on industry requirements and offer it to industry.

Resource Persons :

Experts and eminent personalities in the area of Phytopharmacology.

About Us :

Bharati Vidyapeeth, College of Pharmacy, Kolhapur was established in October 1996 under the leadership of Hon. Dr. Patangraoji Kadam, Founder, Bharati Vidyapeeth, Pune. The college building, laboratories and all amenities took shape under the able and dynamic guidance of Dr. Shivajirao Kadam, Chancellor, Bharati Vidyapeeth (Deemed to be University), Pune. Persistent encouragement from Hon. Dr. Vishwajeet Kadam, Secretary, Bharati Vidyapeeth, Pune, & Pro Vice Chancellor Bharati Vidyapeeth (Deemed to be University) Pune and Hon. Dr. H. M. Kadam, Regional Director, has taken this establishment to new heights. Devoted efforts of the Principal, Dr. H. N. More, and the faculty members, have shaped the college into one of the best pharmacy institutes in India.

Institute at a glance :

- Ranked 54th in India by NIRF(National Institutional Ranking Framework) Ministry of Human Resource Development Government of India.
- Lead College of Shivaji University, Kolhapur with Permanent affiliation and inclusion in UGC 2 (f) & 12(B)
- Approved centre for postgraduate and doctoral research
- Common Facility centre and Laboratories equipped with major equipments worth about Rs. 3 crore
- Rich and updated library facilities with e-library (book worth Rs 81 Lakhs)
- Registered college alumni contributing to develop pharmacy profession.

Accredited, PCI/AICTE approved, AICTE-CII Platinum
Rank, Permanently affiliated Grade 'A' Institute @
KBCNMMU, Jalgaon)

About Programme

This programme is offered by the department of Pharmacognosy, RCIPIER, Shirpur. It is intended to train the faculty members who are involved in teaching and herbal research. The interaction and training comprises of newer and advanced techniques of isolation, standardization and analysis of medicinal plants. The focus of STTP is to provide hands on training on newer and sophisticated analytical techniques along with fundamental concepts and methods of isolations of pure phytochemicals using chromatographic techniques. The STTP will increase attentiveness of Pharmacognosists towards newer approaches and their applications in herbal drug research.

About RCIPIER...

R.C. Patel Institute of Pharmaceutical Education and Research (RCPIPER) Shirpur has been accredited by NBA, New Delhi for full period of six years for its 3rd cycle and ranked in top 50 institutes during last 4 years by National Institutional Ranking Framework (NIRF) - MHRD, New Delhi. Our endeavour for quality education and excellence in the field has been endorsed by NAAC, Bangalore. RCIPIER was established before 26 years under the aegis of The Shirpur Education Society catering the education from diploma in Pharmacy to doctoral research.

RCPIPER proudly flaunts its excellent infrastructure, well-furnished air-conditioned classrooms, ultramodern research laboratories, CPCSEA registered animal house, cell culture laboratory, molecular modelling software & facility, central instrumentation facility, modern herbal research laboratory, advanced molecular pharmacology facilities and GMP compliant pharmaceuticals pilot plant..

Department of Pharmacognosy

Since its inception in the year 2003, the department has emerged as a center of academic excellence and research activities. The Department faculty members have received more than one crore rupees as research grant from AICTE, RGSTC and UGC etc. The department has developed ultramodern facilities like UV-Vis spectroscopy, CAMAG High Performance Thin Layer Chromatography (HPTLC), Agilent 1260 Semi-preparative High Performance Liquid Chromatography (HPLC), MOTIC digital microscope, CombiFlash Flash Chromatography, Buchi Rotary evaporator.

Theme and contents of STTP

This STTP will have interactive sessions conducted by the resources invited from industry and academia who have vast experience and expertise in the ethnopharmacology, extraction strategies, spectroscopic and chromatographic applications in herbal research, newer approaches in standardization and quality control of herbal medicine. The training will includes ..

1. Photo documentation of histological features of medicinal plants
2. Different extraction techniques of herbal medicine.
3. Marker based qualitative and quantitative HPTLC & HPLC analysis of herbal medicine.
4. Fractionation of crude extracts using CombiFlash chromatography.
5. Isolation of Phytochemicals using Semi-preparative HPLC

Resource Persons

We are inviting, experts, scientists and eminent professors from esteemed institute and pharmaceutical companies.

Who Can Apply

The Programme is open to Pharmacy teachers working in Universities / Colleges Approved by AICTE.

Lodging, Boarding and Travelling :

Lodging and boarding shall be provided. Outstation delegates will be reimbursed to and fro train (second class-sleeper)/ Bus fare by the shortest route.

Registration :

The filled and complete registration forms (scanned copies) along with DD of Rs 500/- in the name of 'The Principal, R. C. Patel Institute of Pharmaceutical Education and Research, Shirpur' should be sent to E-mail or upload to online google form given in registration form.

The number of participants is restricted to 40 only on first cum first basis.

Registrations fees will return on successful completion of training program.

Important Dates :

- Last date for receipt of registration form: 21st November 2019
- Confirmation & selection (By E-mail only): 25th November 2019
- Programme duration: 2 to 7th December 2019.
