ENERGY POLICY

INTRODUCTION:

Santkrupa College of Pharmacy, Ghogaon has framed its environment and energy usage policy to manage energy in a way that minimises its environmental impact. The strategy suggests looking into renewable energy sources to lighten the load on the government and to identify alternative natural resources that can be used to address the energy crisis. The institute manages environment and energy usage through a variety of initiatives. For the policy to be successful, all stakeholders involved are actively involved. Everyone is aware of their obligations and contributions to the policy's effective execution.

MISSION:

- To create a sense of environmental awareness about Energy conservation.
- Maximize use of renewable Energy and Minimize Energy consumption by use of Energy efficient Equipment's and maximum Use of day light, natural ventilation and Energy substitution.

OBJECTIVES:

- To raise awareness of energy saving among different societal segments.
- To procure energy efficient electrical equipment's to undertake energy saving measures
- To continually improve our role in environmental preservation and resource conservation.
- To periodically undertake audits of the environment and energy use

Initiatives to Implement the Energy Policy

By implementing the following procedures, the institution demonstrates its dedication to energy and environmental initiatives:

- To install solar panels to generate electricity using photovoltaic technology.
- Install LED bulbs throughout the campus to save energy.

- To start a tree-planting campaign.
- should routinely maintain electrical switches and other appliances.
- To take additional measures to continuously improve our energy consumption.
- Turn off the computer when you leave your table.
- Switch off lights, fans when exiting the meeting rooms, classrooms, auditorium and laboratories
- Carry out regular internal energy audit to identify energy conservation opportunities
